

The Splinter Seal Easter egg

Hidden in the Splinter cell 4 coop missions is the Splinter Seal mini game. This mini game consist in finding all the 5 five seals through out the prison maps. Every time you find one, he gives you a hint to where to find the next seal and some part of the information to the where about of the seal princess. But to put your hands on that important information you need to prove you are worthy of it. You need to earn the seals trust! To do so you will have to help or accomplish a task for the seal. Here is the Splinter Seal walkthrough:

Prison A:

-Take the gold piece

-Go back to the second floor vending machine and insert the gold piece in it

-You have found Muffin!!!

Seal Muffin: Hi, I'm Muffin! Thanks for saving me. I've been trapped here for over a week now. I was trying to get something from this machine when I got stuck in it. I devoured what was left to survive, but I'm still hungry. Could you please bring me some food?

- Go back to the cold storage area
- Take the seal food

- Give the seal food to Muffin

Seal Muffin: Hey thanks, you are now my friends! You look like a wonderful team. And for that I will tell you a secret. On my way here, I went to the old prison basement and I tried to take a shower but I think I broke something! I hope that helps. Have you seen my brother Pepperoni? I know he loves to rest in a safe but I don't remember its number.

Prison B:

- Open fire on the janitor's closet locker (room when you exit the vent)
- Take the script with code on it
- Go back to the picture room and use the code to open the safe
- You have found Pepperoni!!!

Seal Pepperoni: Hi, I'm Pepperoni! Thanks for saving me. Yesterday, I was patrolling in the corridors when I found this letter. I really would like to read it to you but it's in the seal language and I've lost my glasses. Help me find them and I'll tell you its secrets.

- Go back to the first office (near the door, use night vision if needed)
- Take the glasses
- Give the glasses to Pepperoni

Seal Pepperoni: Hey thanks! I didn't realize how cool you look. Here is what the letter says: "In the prison main sewers the current sometimes brings some weird metallic objects." I hope that helps. Have you met my brother Vanilla? He is an elevator operator in this prison.

Prison C:

- Fire on the 4 metal things on the elevator top trap (only works after you blown up the elevator security device)
- Go in the elevator
- You have found Vanilla!!!

Seal Vanilla: Hi there, big boys, my name is Vanilla. I was doing my job as an elevator operator when everything suddenly went dark and I hid for my life. But I will only agree to be saved by young heroes that will steal my heart away. Interested in the job? Try to find the object that will make me fall for you.

- Go in the big office
- Take the flower or the fish (Danger: if you give him the fish, you will die)
- Give the flower or fish to Vanilla

When given the fish:

Seal Vanilla: Hrrrggghhh! No, I'm allergic to fish! Aaaaaaaaaaaaaah! (C4 explosion.... You are dead)

When given the flower:

Seal Vanilla: Flowers! You're so sweet. How did you guess? You know how to treat a seal. Let me tell you about my last date. It was in the prison sewers and trust me, never bring a seal there on your first date. Anyway, I saw an object shine on the other side of a sewer grate. Have you met my friend Cookie? I know he's a good climber and likes vents.

Prison D:

- Right at start look behind you and fire on the fire extinguisher
- Take the fire torch
- Go to the office where you find the magnetic card and go in the vent
- Use the fire torch
- You have found Cookie!!!

Seal Cookie: [Hi, I'm... I mean my name is... I don't remember anything. Something must have happened to me. Please help me remember. I don't even know what I'm doing here!](#)

- Go back to the upper corridor (the one in front of the elevator shaft)
- Take the seal hat
- Give the hat to Pepperoni

Seal Cookie: [Wow thank you, my name is... Cookie! Thanks for helping me remember. Last night I lost my mighty hat. The seal people get all of our powers from it. I'm worried about our leader Master Buddy. He was supposed to be hitchhiking his way to the prison, but he never showed up! Can you please try to find him for me? And have you already met my friend Muffin? I know he's a vending machine addict.](#)

Prison E:

- Fire on the last shower valve in the bathroom
- Take the valve
- Go to tunnel sewer and place valve on the station wall
- Take metal detector behind you
- Use metal detector in the east sewer. (Completely at the back where the junk is)
- Take bomb
- Go back in the sewer tunnel (where the turret is) and place the bomb on the gate.
- Run for your life before it explodes
- go in the hole and find the key at the end of the tunnel
- Take the key 302
- Go in the last room (before blowing up the tanks)
- Make your way under the car (One agent must stay behind to activate the car again)
- Get the car back down after you crossed
- Use key 302 on the back of the car
- You have found Buddy!!!

Seal Buddy: [Hi, I'm Buddy! Thanks for saving me. I must now return to my Princess! Bye!](#)

-The seal princess
appears from a vortex

Seal Princess: Thank
you, warriors of light!
You have saved me,
the seal people, and
the entire universe.
Congratulations! We
must now return to our
home planet. That means
that we will not be able
to see each other again,
unless you develop the
technology required for
space travel. But we will
never forget you. Good-
bye, my Splinter Seals.

Congratulation you have beaten the Splinter seal mini game!
